CABLE TIE ATTACHMENTS

NMC Cable Tie Attachments

NMC has designed and manufactures a wide range of wire and cable attachment products that utilize cable ties. These cable tie mounts have a variety of methods of attachment to structures. These include:

- Snap on attachment to stringers, right angle, Z profiles, and bulb edge on angle bracket types.
- Bonded on swivel mounts
- Bonded on angle bracket swivel mounts
- Bonded on stand off swivel mounts
- Bonded on low profile mounts
- Bonded on reduced foot print mounts
- Ring Post cable tie attachment providing automatic cable spacing
- Clamp on to stringers

What ever your application calls for NMC probably has a cable tie mount fastener to meet your needs. Most cable tie mounts are made from nylon 6/6. A variety of engineering materials are available for specific application requirements.
